HI, ALL!

Notice please the included retail report. I would like to know if this is worth my time, whether it helps you at all. If not, I'll discontinue doing it. If it does help, let me know and I'll try and get the local Record Bar's retail, also. Please give some feedback on this and whatever else you feel I should know.

Otherwise, things are getting better. Thanks much for your help.

Joel Gartland
Music Director
